School bus expectations and policy

ALL STUDENTS must ride their designated buses unless a written note from the parent(s) or guardian(s) is brought to school. If a student is going to ride a different route, a signed note must be presented to the classroom teacher or office. The teacher will sign the note and it is then handed to the driver of the bus. Without parental and school permission, no student is allowed on an alternate bus route. Buses will stop only at regularly scheduled stops.

Glencoe-Silver Lake school buses transport students in grades K-6 who live more than one mile from the schools they attend or students in grades 7-12 who live over two miles walking distance from the school they attend.

The bus driver will make every effort to abide by the schedule. Extremes in weather and poor roads do occasionally cause minor deviation from the schedule. The care and discipline of children on the bus lies solely with the bus driver.

Your assistance is requested to encourage good safety and citizenship. Children are asked to obey the following rules when riding the bus. The bus driver is in charge of enforcing the following rules:

- Wear a mask
- Walk onto the bus
- Listen to bus driver
- Use a quiet voice and respectful language
- Sit and face forward
- Keep hands, feet, and objects to yourself
- Walk off the bus

All misbehavior cases should be reported to Tina Teubert at the transportation office (320-864-3032).

Parents or guardians will be notified of any suspension of bus privileges. Consequences for elementary students may include, but are not limited to:

- 1st offense – warning
- 2nd offense – three-school-day suspension from the bus.
- 3rd offense – five-school-day suspension from the bus.
- 4th offense – 10-school-day suspension from the bus/meeting with parent.
- Further offenses – individually considered.

Note: When any student goes 60 transportation days without a report, the student's consequences may start over at the first offense.

The safety of our students is of primary concern to the bus drivers. Here are "bus stop expectations" to discuss with your child:

- Listen to the supervisor
- Play safely
- Be friendly
- Line up when buses arrive

School bus safety

Students will be given school bus safety information the first weeks of school. Training will take place in the classroom and on a school bus. Parents, students and bus drivers play an important role in school bus safety. Bus drivers attend training meetings on issues including first aid, safe driving, and transporting students safely to and from school. Students need to practice, follow the bus rules and respect the rights and privileges of others. Parents should:

- Make sure students understand the transferring to other buses in the morning and afternoon to get to school and home.
- Make sure elementary students know their name, address, telephone number and bus number.
- Be at the bus stop the first couple of times or until the student is comfortable about the bus stop.
- Send a note along with the student if there are any changes in pick-up or drop-off.
- Remind students to always look both ways before crossing any street or roadway.

You, as a parent/guardian, are responsible for your child's comprehension of the school bus safety information. Transportation to and from school can be safe and efficient when riders cooperate with the bus driver, teachers and other passengers.

Get together and form a walking bus

Studies show that fewer children are walking and biking to school, and more children are at risk of becoming overweight. Changing behaviors of children and parents requires creative solutions that are safe and fun. Implementing a walking bus can be both. One of the primary reasons why parents are reluctant to allow their children to walk to school is because of safety issues. Many children are now driven to and from school every day. A walking bus gives more children the opportunity to walk to school safely every day. Items to consider include:

1. The school district is not responsible for students participating in a walking bus. Parents are responsible for their own children.
2. To begin, invite children from families who live nearby to walk.
3. Pick a route and take a test walk.
4. Take a look at the sidewalks or paths along the route.
5. Consider the traffic. How busy are the streets?
6. Look at the crosswalks along the route. Is it easy to cross the street?
7. Everyone meets at a pre-arranged time and walks to school together. More students will join the walking bus just because they see it.

There are benefits to a walking bus:

1. It's sociable, healthy and enjoyable.
2. It reduces parking problems near the entrance of school buildings.
3. Children learn about safety and become more aware of their environment.
